We are Revvity.

We are immensely excited to share with you that we are **Revvity**, a visionary partner in developing technologies and solutions across disease pathways to help solve the world's greatest health challenges. Revvity was previously affiliated with PerkinElmer, Inc.

The meaning behind Revvity

With "revolutionize" - rev - and "vita" ("life" in Latin) - vit - being rooted in our new name, Revvity represents our commitment to revolutionizing human health at an accelerated speed, embracing the impossible to improve lives everywhere. We provide health science solutions, technologies, expertise, and services that deliver complete workflows from discovery to development, and diagnosis to cure.

Your challenge is our call to action

We specialize in translational multi-omics technologies, biomarker identification, imaging, prediction, screening, detection and diagnosis, informatics and more. Every day, our 11,000 employees worldwide collaborate to pioneer technologies, solutions, and services that help you, our customers, redefine the health of our world. With a robust global network and localized agility, we serve a diverse range of organizations from pharmaceutical and biotech, to clinical labs, academia, and governments.

Revvity exists to **expand the boundaries of human potential through science**. Together with our customers and partners we will bring our purpose to life.
