

You have questions. We'll help you find answers.

In the era of accelerated science, your research and potential discoveries matter more than ever before. Whatever answers you seek, you can rely on our steadfast industry expertise and high-quality, trusted products to guide the way.

> SEE WHAT MORE WE CAN DO FOR YOU AT WWW.IDTDNA.COM.

Many questions. One partner.

CUSTOM OLIGOS

Custom DNA and RNA oligos
oPools™ Oligo Pools
Ultramer™ DNA and RNA oligos
SameDay™ Oligos
RxnReady™ Primer Pools
HOTplates™ expedited services
Large-scale synthesis (gram quantities)
GMP oligos
>500 modifications and modified bases
including Affinity Plus™ locked nucleic acids

NGS

xGen Amplicon Sequencing
xGen™ Stubby Adapter and UDI Primers
xGen™ UDI-UMI Adapters
xGen™ Library Preparation Kits
xGen™ Pre-Designed Panels
xGen™ Hybridization Capture Panels
xGen™ Hybridization and Wash Kit
xGen™ Universal Blockers
xGen™ Normalase™
xGen™ NGS Amplicon Panels
Custom probes & panels
Custom NGS adapters

CRISPR

Alt-R™ CRISPR Systems
Alt-R™ guide RNAs (2-part and sgRNA)
Custom gRNAs
Alt-R™ S.p. Cas9 & HiFi Cas9 nuclease
Alt-R™ A.s. Cas12a (Cpf1)
Nuclease Ultra
Alt-R™ S.p. Cas9 nickases

qPCR & PCR

Affinity Plus™ Probes
PrimeTime™ qPCR Probe Assays
PrimeTime™ qPCR Primer Assays
PrimeTime™ Gene Expression Master Mix

SYNTHETIC BIOLOGY

eBlocks™ Gene Fragments
gBlocks™ Gene Fragments
gBlocks™ HiFi Gene Fragments
Custom gene synthesis
Megamer™ Single-Stranded
DNA Fragments

FUNCTIONAL GENOMICS

DsiRNAs and TriFECTa™ Kits
Antisense oligos (ASOs)
IDT miRNA Inhibitors

GMP & B2B

Formulation
Packaging
OEM
GMP
E-commerce
E-procurement
Integrations

For Research Use Only. Not for use in diagnostic procedures.
